

Some scientists think that there are intelligent life forms on other planets and messages should be sent to contact them. Other scientists think it is a bad idea and would be dangerous.

Discuss both views and give your own opinion. (Reported 2017, Academic Test)

The government is spending a lot of money to discover life on other planets. Some people think that government is wasting money and should spend more money addressing the problems of public.

To what extent do you agree? (Reported 2017, Academic Test)

Some people think that space exploration is a waste of resources while others think that it is essential for mankind to continue to explore the universe in which we live.

Discuss both sides and give your opinion.
