March 2019

Some people believe that the increasing number of vehicles is one of the biggest problem facing cities, while others believe that cities have bigger challenges.

Discuss both views and state your opinion.

Nigeria

Some people think that men are naturally more competitive than women.

To what extent do you agree or disagree?

These days, mobile phones and the internet are very important to the ways in which people relate to one another socially.

Do the advantages of this development outweigh the disadvantages?

Scientists believe that in order to protect the environment, people must use less energy in their daily lives. However, most people have not changed the way they live.

Why do you think many people have not taken individual action?

What could be done to encourage them to take action?

Films and computer games which contain violence are very popular. Some people believe they have a negative effect on society and so should be banned. Other people, however, say they are just harmless and help people to relax.

Discuss both these points of view and give your own opinion.

Many doctors say that people in today's world do not do enough physical exercise.

What do you think are the causes of this?

What solutions are there to this problem?

Some people think that higher institutions should concentration more on academic subjects such as history and the physical sciences, while others think that they should concentrate more on practical subjects such as car mechanics and cookery, etc.
